

Azizbek G'anijonov

KAIST, Yuseong District, Daejeon, South Korea • azizbeksheraliyev@kaist.ac.kr • 010 5872 6683 •
[linkedin.com/in/azizbekganijonov](https://www.linkedin.com/in/azizbekganijonov)

Skills

Language: English (IELTS 8.0), Korean (A2)

Laboratory: distillation, burette/titration, centrifuges, paper chromatography, pH meters

Education

Korea Advanced Institute of Science and Technology (KAIST)

Daejeon, ROK

1st – year student (B.S in Chemistry/ Chemical & Biomolecular Engineering)

2025 – 2029

- GPA: 4.0/4.3
- Relevant Coursework: Laboratory Rotation Program, General Chemistry Experiment I (Fall 2025), Organic Chemistry I (Chemistry Dept.), Physical Chemistry I (Chemistry Dept.), Introduction to Linear Algebra (Spring 2026)

Presidential School in Andijan

Andijan, UZB

High School Diploma & Cambridge (CIE) A-Levels

2021 - 2025

- A - levels: Chemistry – A*, Biology – A*, Mathematics – A*

Experience

Presidential School in Andijan

Andijan, UZB

Chemical Technician

Sept 2024 – May 2025

- Manufactured soap using sheep tallow, animal fats and essential oils.
- Produced an essence of basil and rose using steam and water distillation methods.
- Gained analytical (titration, pH measurement) & organic chemistry skills.
- Gained hands-on experience in the setup, calibration, and operation of chemical laboratory equipment (distillation columns, centrifuges, etc...).
- Have some experience in reading and evaluating scientific literature in chemistry.

Awards & Achievements

- Top 1% among 500+ participants, National Chemistry Olympiad for Specialized Schools 2024, Uzbekistan
- Diamond-I medal (1st out of 125 participants), Future Intelligence Student Olympiad 2024, Chemistry, International Level
- Participant, IEO-2024 (International Economics Olympiad), Hong Kong
